## Project Experiences

- 2021 Wie nehmen wir wahr? (Arbeitstitel)  
Funded by Modul C, BBK Neustart Kultur  
Recently started project, which analyzes our perception of the corona pandemic through the worldwide published images using new visual narratives in digital formats.
- 2020 Studio on Wheels  
Funded by the Cultural Department Kiel  
Studio on wheels is a project to create and build a studio which is not just sustainable and ecological but which corresponds to the conditions of today's, always mobile artists, who often moves to different places and needs a (safe and cheap) studio to continue the artistic work.
- 2019 Atlas of the Essence  
Funded by the fellowship of the Cultural Foundation Schleswig-Holstein  
The artistic research project ATLAS DER ESSENZ is an ongoing project, which started in 2019. It deals with the question of whether it is possible to create a new aesthetic-sensual visualization of political and social events by means of alternative image concepts, which lead to a re-activation of the perception of the viewer.
- 2017 - 2019 SEAFEVER Password: Hoffmann\_Seafever\_2021  
Funded by the fellowship & project grant of the Muthesius Academy of Fine Arts, Kiel  
57.42 min, single-channel video | English / German | Premiere April 2021  
What draws man to the sea? Seafever deals with the human relationship to the sea in individual interviews from the various fields of seafaring. Its getting to the bottom of the core of a sea addiction in the form of question-oriented interviews with seafarers from various fields. The essayistic documentary film SEAFEVER is the final result of the artistic research for a sea addiction and forms the conclusion of the project.
- 2013 - 2016 Meersucht (Sea Addiction)  
Funded by the Cluster of Excellence "The Future Ocean", Kiel  
Meersucht. An Bord der MV ATLANTIC COMPANION. Muthesius Verlag, Kiel 2016  
The research project MEERSUCHT started with the question whether there is such a thing as an addiction to the sea, which causes people to dedicate their lives to seafaring and the sea? The used methods were reasearch and participating observation.
